

History Curriculum Ambition

Kemnal Minds

- We believe students deserve a broad, diverse and rigorous knowledge-rich History curriculum, which immerses students in a range of cultures and engenders an enquiring and critical outlook on the world.
- We help students to develop a chronological understanding of Britain's past and its influence on the world, investing them with the cultural capital required to make sense of the country in which they live.
- We want students to understand key concepts within History, such as significance and causation and consequence, to enable them to analyse information and convey their opinions in a methodical and structured way.

Kemnal Hearts

- We ensure these disciplinary skills are honed and developed throughout the curriculum to create historians confident in communicating their views, both orally and in writing.
- We develop our students' confidence in debating historical issues, interrogating evidence and evaluating historical interpretations
