

Kemnal Keys: Geography — UK Challenges

What you should know	What you should be able to do		
How the UK's changing population will bring changes and challenges for resource consumption and environmental sustainability	Define sustainable transport Describe the changing trends in resource consumption Discuss the advantages and disadvantages of switching to renewable energy supplies for the UK Define 'two-speed economy' Describe the differences between brownfield and greenfield sites Discuss the positive and negative impacts of internal migration in the UK		
How changes in the UK's economy and land use will bring settlement, population, and economic challenges			
How approaches to conservation, development and management of the UK's coastal and river spaces will bring landscape challenges	Define conservation Describe the challenges faced by National Parks from tourism Discuss the positives and negatives or hard and soft engineering methods to manage coastal and river landscapes		
How climate change uncertainties, impacts and responses will bring challenges to the UK	Define climate change Describe the difference between mitigation and adaptation Discuss the costs and benefits of local responses to climate change		

Guiz 1 Cuiz 2 1. Give 1 reason why the UK birth rate is decreasing 2. What is an ageing population? What is the 'two-speed' economy? 3. What is an ageing population? What is the 'domino effect'? 4. How can the UK try to manage an ageing population in the future? What is the 'domino effect'? 5. What does overpopulation mean? What is the 'Northern Powerhouse'? 6. Give 2 reasons why the UK's population is expected to rise 7. Why does an increasing population increase pressure on water systems? What is the green belt? 8. Why does an increasing population increase pressure on water systems? What is sustainable transport? 10. Name one disadvantage of hybrid/electric cars? What is ULEZ and why is being expanded? Quiz 3 Quiz 4 1. What is conservation? Quiz 4 2. How many National Parks are there in the UK? What are the economic disadvantages of National Parks? 6. What are the economic disadvantages of National Parks? What is the Environment Agency? 7. What is the Environment Agency? What is a domical cost of fourism on UK physical landscapes? 10. What are the benefits of fourism on UK physical landscapes? What is a characteristics of soft engineering methods to reduce flood risk 9. What is the Environment Agency? What is a characteristice of soft engineering methods to reduce flood risk				
 2. What stage of the DIM is the UK said to be in currently? 3. What is an ageing population? 4. How can the UK try to manage an ageing population in the future? 5. What does overpopulation mean? 6. Give 2 reasons why the UK's population is expected to rise 7. Why does an increasing population increase pressure on water systems? 8. Why does an increasing population increase pressure on water systems? 9. What is tuEZ and why is being expanded? CAUIZ 3 1. What is notional Parks are there in the UK? 3. What is notional Parks are there in the UK? 4. What is the increase of National Parks? 6. What is the environment agency? 7. What is the environment agency? 8. State 3 characteristics of National Parks? 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. What are the costs of fourism on UK physical landscapes? 10. What are the costs of fourism on UK physical landscapes? 11. What are the costs of fourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 2. What are the costs of fourism on UK physical landscapes? 3. What are the costs of fourism on UK physical landscapes? 4. What are the costs of fourism on UK physical landscapes? 4. What are the costs of fourism on UK physical landscapes? 4. What are the costs of fourism on UK physical landscapes? 4. What are the costs of fourism on UK physical landscapes? 4. What are the costs of fourism on UK physical landscapes? 5. What are the costs of fourism on UK physical landscapes? 6. What are the costs of fourism on UK physical landscapes? 6. What are the costs of fourism on UK physical lan	Quiz 1		Quiz 2	
 3. What is an ageing population? 4. How can the UK try to manage an ageing population in the future? 5. What does overpopulation mean? 6. Give 2 reasons why the UK's population lead to an increase in CO2 emissions? 8. Why does an increasing population increase pressure on water systems? 9. What is the congestion charge? 1. What is the congestion charge? 1. What is the congestion charge? 2. What is conservation? 1. What is conservation? 2. What is conservation? 3. What is the difference between a migrant, a refugee and an asylum seeker? 2. What are the eachard set of the UK? 3. What is the Environment Agency? 3. What are the economic disadvantages of National Parks? 4. What are the economic disadvantages of National Parks? 5. What are the economic disadvantages of National Parks? 6. What are the economic disadvantages of National Parks? 7. What is the Environment Agency? 8. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. What are the costs of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 3. What is a day by the cost of tourism on UK physical landscapes? 13. What are the costs of tourism on UK physical landscapes? 14. What are the costs of tourism on UK phys				
 4. How can the UK ity to manage an ageing population in the future? 5. What does overpopulation mean? 6. Give 2 reasons why the UK's population is expected to rise 7. Why does an increasing population increase in C20 emission? 8. Why does an increasing population increase pressure on water systems? 9. What is subcliable transport? 10. Name one disadvantage of hybrid/electric cars? 11. What is the congestion charge? 12. What is the congestion charge? 13. What is conservation? 14. What is uLEZ and why is being expanded? 15. What is a National Parks are there in the UK? 16. What are the environment Agency? 17. What are the economic disadvantages of National Parks? 7. What is the Environment Agency? 18. State 3 characteristics of soft engineering methods to reduce flood risk 19. What are the costs of fourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 13. What are the costs of tourism on UK physical landscapes? 14. What are the costs of tourism on UK physical landscapes? 15. What are the costs of tourism on UK physical landscapes? 16. What are the costs of tourism on UK physical landscapes? 16. What are the costs of tourism on UK physical landscapes? 17. What are the costs of tourism on UK physical landscapes? 18. What are the costs of tourism on UK physical landscapes? 19. What are the costs of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 10	2.	What stage of the DTM is the UK said to be in currently?		What is the 'multiplier effect'?
 future? What does overpopulation mean? Give 2 reasons why the UK's population is expected to rise Why does an increasing population lead to an increase in CO2 emissions? Why does an increasing population increase pressure on water systems? What is sustainable transport? Name one disadvantage of hybrid/electric cars? Name one disadvantage of hybrid/electric cars? What is the congestion charge? What is the conservation? What is conservation? What is conservation? What is conservation? What are the major characteristics of National Parks? What are the environment advantages of National Parks? What are the environment Agency? State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk What are the costs of tourism on UK physical landscapes? What are the costs of tourism on UK physical landscapes? Name 2 ways people of the UK can mitigate against climate change Name 2 ways the UK government can adapt to climate 	3.	What is an ageing population?	3.	What is the 'domino effect'?
 5. What does overpopulation mean? 6. Give 2 reasons why the UK's population is expected to rise 7. Why does an increasing population lead to an increase in CO2 emissions? 8. Why does an increasing population increase pressure on water systems? 9. What is sustainable transport? 10. Name one disadvantage of hybrid/electric cars? 11. What is the congestion charge? 12. What is ULE2 and why is being expanded? 13. What is conservation? 14. What is conservation? 15. What is a National Parks are there in the UK? 3. What are the environmental advantages of National Parks? 4. What is a National Park City? 5. What are the economic disadvantages of National Parks? 6. What are the economic disadvantages of National Parks? 7. What is the Environment Agency? 8. State 3 characteristics of soft engineering methods to reduce flood risk. 9. State 3 characteristics of soft engineering methods to reduce flood risk. 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 13. What are the costs of tourism on UK physical landscapes? 14. What are the costs of tourism on UK physical landscapes? 15. What are the costs of tourism on UK physical landscapes? 16. What are the benefits of tourism on UK physical landscapes? 17. What are the costs of tourism on UK physical landscapes? 18. What are the acy ant areas interdependent? 19. What are the acy and areas interdependent? 20. What are the down areas interdependent? 21. Name 2 ways the UK government can adapt to climate 	4.	How can the UK try to manage an ageing population in the	4.	
 6. Give 2 reasons why the UK's population is expected to rise 7. Why does an increasing population lead to an increase in CO2 emissions? 8. Why does an increasing population increase pressure on water systems? 9. What is sustainable transport? 10. Name one disadvantage of hybrid/electric cars? 11. What is the congestion charge? 12. What is conservation? 12. What is conservation? 13. What is conservation? 14. What is conservation? 15. What are the environmental advantages of National Parks? 6. What are the environmental advantages of National Parks? 6. What are the environmental advantages of National Parks? 7. What is the Environment Agency? 8. State 3 characteristics of hard engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the benefits of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 6. What is a World City? 7. What is a the UK can mitigate against climate change 12. Name 2 ways the UK government can adapt to climate 		future?	5.	Why is London and the south-east dominant in financial
 7. Why does an increasing population lead to an increase in CO2 emissions? 8. Why does an increasing population increase pressure on water systems? 9. What is sustainable transport? 9. What is sustainable transport? 9. What is sustainable transport? 10. Name one disadvantage of hybrid/electric cars? 11. What is the congestion charge? 12. What is ULEZ and why is being expanded? Quiz 3 Quiz 4 1. What is conservation? 2. How many National Parks are there in the UK? 3. What are the environmental advantages of National Parks? 4. What are the environmental advantages of National Parks? 6. What are the environmental advantages of National Parks? 7. What is the Environment Agency? 8. State 3 characteristics of hard engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of fourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 7. What is a dracy provide the difference of the UK can mitigate against climate change? 11. What are the costs of fourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 7. What is a dracy the UK government can adapt to climate 	5.	What does overpopulation mean?		business?
 CO2 emissions? 8. What are the advantages of building on a brownfield site? 9. What is sustainable transport? 10. Name one disadvantage of hybrid/electric cars? 11. What is the congestion charge? 12. What is ULEZ and why is being expanded? Quiz 3 Quiz 4 1. What is conservation? 2. How many National Parks are there in the UK? 3. What are the exponent of is a National Park are the environment al advantages of National Parks? 4. What is a National Park City? 5. What are the environment Agency? 8. State 3 characteristics of hard engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 8. State 2 ways the UK government can adapt to climate 10. What are the costs of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. Name 2 ways the UK government can adapt to climate 	6.	Give 2 reasons why the UK's population is expected to rise	6.	What is a World City?
 8. Why does an increasing population increase pressure on water systems? 9. What is sustainable transport? 10. Name one disadvantage of hybrid/electric cars? 11. What is the congestion charge? 12. What is ULEZ and why is being expanded? Quiz 3 Quiz 4 1. What is conservation? 2. How many National Parks are there in the UK? 3. What are the environmental advantages of National Parks? 4. What is a National Park City? 5. What are the environment Agency? 8. State 3 characteristics of soft engineering methods to reduce flood risk 9. What are the consts of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. What are the costs of tourism on UK physical landscapes? 13. What are the costs of tourism on UK physical landscapes? 14. What are the costs of tourism on UK physical landscapes? 15. What are the costs of tourism on UK physical landscapes? 16. What are the costs of tourism on UK physical landscapes? 17. What are the costs of tourism on UK physical landscapes? 18. What are the costs of tourism on UK physical landscapes? 19. What are the costs of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 11. What are the Costs of tourism on UK physical landscapes? 12. Name 2 ways the UK government can adapt to climate 	7.	Why does an increasing population lead to an increase in	7.	What is the green belt?
 water systems? 9. What is sustainable transport? 10. What is net migration? 11. What is the congestion charge? 12. What is ULEZ and why is being expanded? Quiz 3 12. What is conservation? 13. What is conservation? 14. What is conservation? 15. What are the major characteristics of National Parks? 16. What are the environmental advantages of National Parks? 17. What is the Environment Agency? 18. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 19. What are the costs of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 110. What are the costs of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 110. What are the costs of tourism on UK physical landscapes? 110. What are the costs of tourism on UK physical landscapes? 111. What is a darought? 112. What is a darought? 113. What are the costs of tourism on UK physical landscapes? 114. What are the Costs of tourism on UK physical landscapes? 115. What are the costs of tourism on UK physical landscapes? 116. What are the Costs of tourism on UK physical landscapes? 117. What are the costs of tourism on UK physical landscapes? 118. What is a decomplex to the UK can mitigate against climate change? 119. What are the Costs of tourism on UK physical landscapes? 120. Wat are the UK can mitigate against climate change? 131. What are the costs of tourism on UK physical landscapes? 142. What is a decomplex to th		CO2 emissions?	8.	What are the advantages of building on a brownfield site?
 9. What is sustainable transport? 10. Name one disadvantage of hybrid/electric cars? 11. What challenges do local councils experience from high rates of economic immigration? 12. What is ULEZ and why is being expanded? Quiz 3 Quiz 4 1. What is conservation? 2. How many National Parks are there in the UK? 3. What are the major characteristics of National Parks? 4. What is a National Park City? 5. What are the environmental advantages of National Parks? 6. What are the economic disadvantages of National Parks? 7. What is the Environment Agency? 8. State 3 characteristics of hard engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What challenges do local councils experience from high rates of economic immigration? 12. What is a anticyclone? 9. What is a characteristics of soft engineering methods to reduce flood risk 10. What are the costs of tourism on UK physical landscapes? 11. What challenges do local councils experience from high rates of economic immigration? 12. What is a anticyclone? 9. What is a anticyclone? 10. What are the costs of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. Name 2 ways the UK government can adapt to climate 	8.	Why does an increasing population increase pressure on	9.	What are the advantages of protecting greenfield sites?
 10. Name one disadvantage of hybrid/electric cars? 11. What is the congestion charge? 12. What is the congestion charge? 12. What is ULEZ and why is being expanded? Quiz 3 12. What is conservation? 13. What is conservation? 14. What is conservation? 15. What are the major characteristics of National Parks? 16. What are the economic disadvantages of National Parks? 17. What is the Environment advantages of National Parks? 18. State 3 characteristics of add engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. What is depression? 13. What are the costs of tourism on UK physical landscapes? 14. What are the costs of tourism on UK physical landscapes? 15. What are the costs of tourism on UK physical landscapes? 16. What are the costs of tourism on UK physical landscapes? 17. What are the costs of tourism on UK physical landscapes? 18. What are the costs of tourism on UK physical landscapes? 19. What are the costs of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. Name 2 ways the UK government can adapt to climate 		water systems?	10.	What is net migration?
 11. What is the congestion charge? 12. What is ULEZ and why is being expanded? 12. What is ULEZ and why is being expanded? Quiz 3 1. What is conservation? 2. How many National Parks are there in the UK? 3. What are the major characteristics of National Parks? 4. What is a National Park City? 5. What are the environmental advantages of National Parks? 6. What are the economic disadvantages of National Parks? 7. What is the Environment Agency? 8. State 3 characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. What is the difference between a migrant, a refugee and an asylum seeker? 20. What is conservation? 3. What is conservation? 4. What is a National Park City? 5. What are the economic disadvantages of National Parks? 6. What is a Characteristics of hard engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 13. What is a ways people of the UK can mitigate against climate change 14. Name 2 ways the UK government can adapt to climate 	9.	What is sustainable transport?	11.	What challenges do local councils experience from high
12. What is ULEZ and why is being expanded? asylum seeker? Quiz 3 Quiz 4 1. What is conservation? Quiz 4 2. How many National Parks are there in the UK? What are the major characteristics of National Parks? 4. What is a National Park City? What are the environmental advantages of National Parks? 5. What are the economic disadvantages of National Parks? What is the Environment Agency? 8. State 3 characteristics of soft engineering methods to reduce flood risk What is a characteristics of soft engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk What are the benefits of tourism on UK physical landscapes? 10. What are the costs of tourism on UK physical landscapes? What is a danticyclone? 11. What are the costs of tourism on UK physical landscapes? What is depression? 11. What are the costs of tourism on UK physical landscapes? Name 2 ways people of the UK can mitigate against climate change 12. Name 2 ways the UK government can adapt to climate	10.	Name one disadvantage of hybrid/electric cars?		rates of economic immigration?
 Quiz 3 What is conservation? How many National Parks are there in the UK? What are the major characteristics of National Parks? What is a National Park City? What are the environmental advantages of National Parks? What are the economic disadvantages of National Parks? What are the economic disadvantages of National Parks? What is the Environment Agency? State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk What are the benefits of tourism on UK physical landscapes? What are the costs of tourism on UK physical landscapes? How are rural and urban areas interdependent? Quiz 4 What are the characteristics of a temperate climate? What is characteristics of a temperate climate? What is climate change? What are the economic disadvantages of National Parks? What is the Environment Agency? State 3 characteristics of soft engineering methods to reduce flood risk What are the costs of tourism on UK physical landscapes? How are rural and urban areas interdependent? 	11.	What is the congestion charge?	12.	What is the difference between a migrant, a refugee and an
 What is conservation? How many National Parks are there in the UK? What are the major characteristics of National Parks? What is a National Park City? What are the environmental advantages of National Parks? What are the environment Agency? State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk What are the costs of tourism on UK physical landscapes? What are the costs of tourism on UK physical landscapes? How are rural and urban areas interdependent? What is conservation? What are the costs of tourism on UK physical landscapes? Name 2 ways the UK government can adapt to climate 	12.	What is ULEZ and why is being expanded?		asylum seeker?
 How many National Parks are there in the UK? What are the major characteristics of National Parks? What is a National Park City? What are the environmental advantages of National Parks? What are the economic disadvantages of National Parks? What are the economic disadvantages of National Parks? What are the economic disadvantages of National Parks? What is the Environment Agency? State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk What are the benefits of tourism on UK physical landscapes? What are the costs of tourism on UK physical landscapes? How are rural and urban areas interdependent? Wat is a path of the UK climate? What is a Path of the UK are likely to see a reduction in the amount of summer precipitation due to climate change? What is a heatwave? What is a netatove? What is a anticyclone? What are the costs of tourism on UK physical landscapes? Name 2 ways people of the UK can mitigate against climate change Name 2 ways the UK government can adapt to climate 	Quiz 3		Quiz 4	
 What are the major characteristics of National Parks? What is a National Park City? What are the environmental advantages of National Parks? What are the economic disadvantages of National Parks? What is the Environment Agency? State 3 characteristics of hard engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk What are the benefits of tourism on UK physical landscapes? What are the costs of tourism on UK physical landscapes? How are rural and urban areas interdependent? Wat are the UK government can adapt to climate 	1.	What is conservation?	1.	What are the characteristics of a temperate climate?
 What is a National Park City? What are the environmental advantages of National Parks? What are the economic disadvantages of National Parks? What is the Environment Agency? State 3 characteristics of hard engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk What are the benefits of tourism on UK physical landscapes? What are the costs of tourism on UK physical landscapes? How are rural and urban areas interdependent? Name 2 ways the UK government can adapt to climate 	2.	How many National Parks are there in the UK?	2.	What are 4 sectors of the UK climate?
 What are the environmental advantages of National Parks? What are the economic disadvantages of National Parks? What is the Environment Agency? State 3 characteristics of hard engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk What are the benefits of tourism on UK physical landscapes? What are the costs of tourism on UK physical landscapes? How are rural and urban areas interdependent? State 2 ways the UK government can adapt to climate 	3.	What are the major characteristics of National Parks?	3.	What is climate change?
 6. What are the economic disadvantages of National Parks? 7. What is the Environment Agency? 8. State 3 characteristics of hard engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 5. Which parts of the UK are likely to see an increase in the amount of winter precipitation due to climate changes? 6. What is a heatwave? 7. What is a drought? 8. What is a anticyclone? 9. What is depression? 10. Why have the Met Office started naming winter storms? 11. Name 2 ways people of the UK can mitigate against climate change 12. Name 2 ways the UK government can adapt to climate 	4.	What is a National Park City?	4.	Which parts of the UK are likely to see a reduction in the
 What is the Environment Agency? State 3 characteristics of hard engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk State 3 characteristics of soft engineering methods to reduce flood risk What are the benefits of tourism on UK physical landscapes? What are the costs of tourism on UK physical landscapes? How are rural and urban areas interdependent? A mount of winter precipitation due to climate changes? What is a heatwave? What is a drought? What is depression? What are the costs of tourism on UK physical landscapes? Name 2 ways people of the UK can mitigate against climate change Name 2 ways the UK government can adapt to climate 	5.	What are the environmental advantages of National Parks?		amount of summer precipitation due to climate change?
 8. State 3 characteristics of hard engineering methods to reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 6. What is a heatwave? 7. What is a drought? 8. What is a anticyclone? 9. What is depression? 10. Why have the Met Office started naming winter storms? 11. Name 2 ways people of the UK can mitigate against climate change 12. Name 2 ways the UK government can adapt to climate 	6.	What are the economic disadvantages of National Parks?	5.	Which parts of the UK are likely to see an increase in the
 reduce flood risk 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 7. What is a drought? 8. What is a anticyclone? 9. What is depression? 10. Why have the Met Office started naming winter storms? 11. Name 2 ways people of the UK can mitigate against climate change 12. Name 2 ways the UK government can adapt to climate 	7.	What is the Environment Agency?		amount of winter precipitation due to climate changes?
 9. State 3 characteristics of soft engineering methods to reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 8. What is a anticyclone? 9. What is depression? 10. Why have the Met Office started naming winter storms? 11. Name 2 ways people of the UK can mitigate against climate change 12. Name 2 ways the UK government can adapt to climate 	8.	State 3 characteristics of hard engineering methods to	6.	What is a heatwave?
 reduce flood risk 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 9. What is depression? 10. Why have the Met Office started naming winter storms? 11. Name 2 ways people of the UK can mitigate against climate change 12. Name 2 ways the UK government can adapt to climate 		reduce flood risk	7.	What is a drought?
 10. What are the benefits of tourism on UK physical landscapes? 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 10. Why have the Met Office started naming winter storms? 11. Name 2 ways people of the UK can mitigate against climate change 12. Name 2 ways the UK government can adapt to climate 	9.	State 3 characteristics of soft engineering methods to	8.	What is a anticyclone?
 11. What are the costs of tourism on UK physical landscapes? 12. How are rural and urban areas interdependent? 13. Name 2 ways people of the UK can mitigate against climate change 14. Name 2 ways the UK government can adapt to climate 		reduce flood risk	9.	What is depression?
12. How are rural and urban areas interdependent?change12. Name 2 ways the UK government can adapt to climate	10.	What are the benefits of tourism on UK physical landscapes?	10.	Why have the Met Office started naming winter storms?
12. Name 2 ways the UK government can adapt to climate	11.	What are the costs of tourism on UK physical landscapes?	11.	Name 2 ways people of the UK can mitigate against climate
	12.	How are rural and urban areas interdependent?		
change			12.	Name 2 ways the UK government can adapt to climate
				change
