

Kemnal Keys: Geography – What is Trade/ Globalisation?

What you should know	What you should be able to do
<p>What is the Silk Road?</p> <p>What is an Empire?</p> <p>What is trade?</p>	<p>Explain the history and function of the Silk Road and why it was so important in shaping trade across the continent.</p>
<p>What is Globalisation?</p> <p>What are the benefits and concerns of globalisation?</p>	<p>Describe the positive and negative aspects of an increasingly globalised world.</p> <p>Explain how technology drives many of the changes of globalisation.</p>
<p>What is the primary industry? Give an example.</p> <p>What is the secondary industry? Give an example.</p> <p>What is the tertiary industry? Give an example.</p> <p>What is the quaternary industry? Give an example.</p> <p>What are some of the inventions of the Industrial Revolution that have shaped our modern world?</p>	<p>Explain how the industries are linked to each other.</p> <p>Describe the changes to the percentages of people employed in each industry over the last two centuries.</p> <p>Discuss which invention you think was most important and why?</p>
<p>What is a TNC?</p> <p>Give an example of a TNC that you know.</p> <p>What factors are most important in influencing factory location?</p>	<p>Explain why TNC's operate in the way that they do.</p> <p>Explain how TNC's are linked to globalisation.</p> <p>Explain why climate, natural disasters, workforce and access to raw materials should be considered when building a factory.</p>
<p>What is life like for sweatshop workers?</p> <p>Where is Bangladesh?</p>	<p>Describe the characteristics of the ideal sweatshop worker?</p> <p>Why do sweatshops exist?</p> <p>What is the cause of Bangladesh's recent economic growth?</p> <p>What are some of the consequences of these changes?</p>

Kemnal Keys: Geography – What is Trade/ Globalisation?

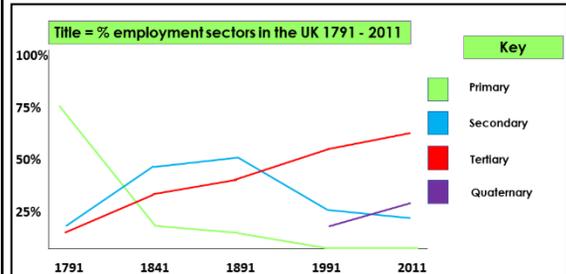

State which industry the following photos show.

Look at the graph below.

a) Which industry suffered the greatest decline over time? Why?

b) Which industry is the newest to emerge?

Explain why the following factors would influence the location of a TNC:

Proximity to raw materials:

Climate:

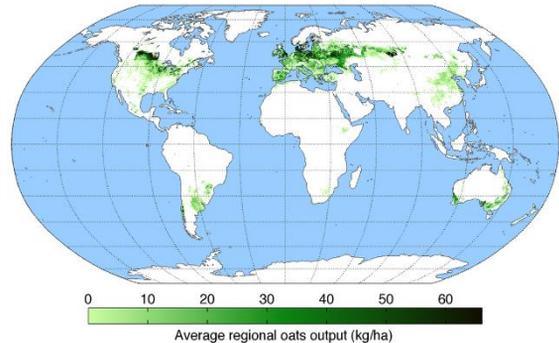

Relief of the land:

Natural hazards:

Political stability:

Workforce:

Describe the distribution of oat production across the world.

In your opinion, is fast fashion fair? Discuss.

What can be done to ensure better quality of life for sweatshop workers in Bangladesh?
