Date: January 2022

Dear Parent / Guardian

Attached to this letter is the e-consent link for your child's Teenage Boosters which consist of two single injections; if you would like further information please visit www.nhs.uk/vaccinations.

The two injections are:

- **The Diphtheria, Tetanus and Polio (Td/Ipv)**
- **Meningococcal ACWY (MenACWY)**

Please discuss these vaccines with your child and complete the e-consent link below:

<https://sav.hrch.nhs.uk/dtp/2021/bromley>

Along with these vaccines is an opportunity to also have - Measles, Mumps and Rubella vaccine (MMR).

There is a large increase in the number of young people catching the measles and mumps, so NHS England has advised offering the measles, mumps and rubella vaccine to any child who has **not** received one or two doses of MMR vaccine in the past.

Please contact the immunisation team on 0203 903 3375 if you wish to have the MMR vaccine.

This is part of a National Programme, if you would like to discuss your child's immunisations, please contact the immunisation nurses on:

Bromley Schools Tel. 0203 903 3375 / email HRCH.ImmunisationTeamBromleyMailbox@nhs.net

In the absence of an electronic consent form from parents we will invite the young person to self-consent for the above vaccinations providing they can demonstrate understanding of the vaccinations due. Ultimately, the decision to consent is the young person's choice, providing they understand the issues involved in self-consent. This is in line with the Gillick Competence Guidelines.

Yours sincerely

Aminata Khaliq – Lead Nurse
Bromley School Aged Immunisations
