Dear Parents/Carers

### **CONFIRMED RESULT IN Y8**

I write to advise you that following the start of surge PCR testing for students and staff yesterday, we have been notified of a confirmed positive result for Covid-19 in Y8.

This year group have now been asked to self-isolate for a 10 day period in line with the advice from Public Health England.

We are and will continue to work with Public Health England and the Local Authority for their advice.

As we continue to test students across all year groups, I ask that parents notify the school as a matter of urgency should your child receive a positive result.

### **What to do if your child develops symptoms of COVID 19?**

If your child develops symptoms of COVID-19, they must not come to school and should remain at home for at least **10 days** from the date when their symptoms appeared. Anyone with symptoms will be eligible for a PCR test (the normally available test type) and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119.

All other household members who remain well, must stay at home and not leave the house for 10 days. This includes anyone in your 'Support Bubble'.

Further information is available at: <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

The household isolation period includes the day the first person in your household's symptoms started (or the day their test was taken if they did not have symptoms) and the next 10 full days. This means that if, for example, your 10-day isolation period starts on the 15th of the month, your isolation period ends at 23:59 hrs on the 25th and you can return to your normal routine.

Household members should not go to work, school or public areas and exercise should be taken within the home.

If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Executive Headteacher:  
Mr Christian Cavanagh

Kemnal Technology College  
Sevenoaks Way, Sidcup,  
Kent, DA14 5AA

Tel: 020 8300 7112  
Fax: 020 8300 5619  
Email: [admin@ktc-tkat.org](mailto:admin@ktc-tkat.org)

Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

## Symptoms

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

## For most people, coronavirus (COVID-19) will be a mild illness.

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

## How to stop COVID-19 spreading?

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

### Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

## Further Information

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

As always, thank you for your support and keep well.

Yours faithfully

**Mr Christian Cavanagh**
