LAST OF THE OLD VIC WORKSHOPS

This month we had our **final workshop** as part of the **Old Vic project**. The focus this time was **movement directed** and the students worked extremely creatively to **create movements of a robotic world**, set to some great music. The students were **as always so committed** and it is clear how much this course has **progressed their skills and confidence**. We have really enjoyed this opportunity that allows students who may not have had access to theatre before an opportunity to explore what drama has to offer. We cannot wait to **see Machinal next week** and want to **thank the Old Vic for such a worthwhile experience** this year

Miss Barnes

We want to **hear from you** what **you think of Kemnal!** The survey should take no more than **5 minutes** to complete.
