BBC Bitesize

<https://www.bbc.co.uk/bitesize/subjects/zvg4d2p>

has lots of really useful subject and exam board revision.

Seneca learning – Hospitality and Catering

<https://senecalearning.com>

This also has lots revision information.

Retaining, recalling and retrieving knowledge learnt.

-  Encourage your son or daughter to **start early, start now** on their homework and revision.
-  Help them be **organised**. Create a workable homework timetable with them.
-  Let them **talk**. Talking with you about a topic or subject helps them visualise their knowledge.
-  **Water and healthy food** are vital for the brain to function properly. Make sure they are eating and drinking with you while they talk about their subject.
-  **Exercise & fresh air**. Go for a jog with them while they talk about their subject.

This course would usually allow for testing in year 10 and then another chance in year 11. At the moment we have not been told what is going to happen although it may be that as they have been entered for the exam this year that I will be able to give CAGs and they will not have to resit. I have told them that the exam is still going ahead (Even if it isn't I am planning on them sitting an exam as though it is the real thing and taking their grades from it) But I have told them it is real so that they take it seriously. We have spent this term going over the theory and I will have a test on the first week back based on what has been covered so far.

The rest of the term will be used to do practical work to gain skills ready for the coursework section which I will hopefully be able to start in the last term as well as continue with the theory work for the exam which should be in June.
